

## PRESS RELEASE

### RELATIONSHIP WITH NGOs-UIL AND UILTEC IN SEPTEMBER TO GREECE FOR HELPING REFUGEES

The migrants blocked in the Greek's camps still living in desperate condition. Terrible hygiene conditions, uncertainty of medical care and eating usurpation, that is one of the fundamental human rights.

In this terrible situation the work of some small NGOs makes a real difference giving to refugees a better survival.

This is the case of the British NGO *Refugee Support Greece* from time distributes additional food and basic goods in two camps: Alexandria e Veria.

Relationship with NGOs-Uil and Uiltec working together to find a donation for support their work. With the help of the American NGO, *Carry the future*, which we have had working yet, we found the terms to establish a deal of collaboration.

As always, the team work gives unexpected results: Uiltec obtained from Colgate Palmolive Italy s.r.l. a donation of hygiene kit, that we will totally give to refugees.

Therefore, we will back to Greece with three pallets of shower gel, shampoo and deodorant roll-on that we personally will provide to *Refugees Support Greece*.

Also in this occasion, we will spend our days helping in the camps because our commitment will never be just observe, but participate to the work of volunteers who from months support refugees helping them to have less suffering and the hope of better life.
